# As congressional redistricting deadline looms, Ohio Senate Republicans head to sunny Florida for top-dollar fundraiser

By Laura Hancock, [cleveland.com](https://www.cleveland.com)

COLUMBUS, Ohio -- With just weeks until the legislature needs to turn in a new congressional redistricting map to the Ohio Supreme Court, Senate Republicans will blow this popsicle stand for sunny Florida.

On Thursday and Friday, the caucus' political fundraising arm, the Ohio Senate Campaign Committee, is hosting events for well-heeled donors and lawmakers in Amelia Island, outside of Jacksonville, according to a copy of the invitation obtained by [cleveland.com](https://www.cleveland.com) and The Plain Dealer.

The event includes a VIP reception at 5 p.m. Thursday for people who donate \$20,000 or \$10,000 to the campaign committee. At 10 a.m. Friday, the donors who gave \$10,000 or \$20,000 will play golf at the [Oak Marsh Golf Course](#) at the Omni Amelia Island Resort.

The main event is 6 p.m. Friday, which is relatively less expensive, at the Oceanview Room & Terrace at the Omni. People can get in for contributing as little as \$1,000.

[Conde Nast Traveler](#) named the Omnia Amelia Island Resort one of the top 121 golf resorts and hotels in 2012. The resort overlooks the Atlantic Coast.

Hanging over lawmakers this year is the deadline for the congressional redistricting map.

[On Jan. 14](#), the Ohio Supreme Court struck down the map as an unconstitutional gerrymander. The legislature has until Feb. 13 to draw new maps, said Ohio Senate President Matt Huffman.

If it is unable to submit a new map, the Ohio Redistricting Commission can take a crack at it. But that may pose issues with the deadline for congressional candidates to get on primary ballots, which is in early March.

Huffman, who would lead the legislature in the redrawing of the map and is also a member of the Ohio Redistricting Commission, said he'd be in Florida.

"I don't think one has anything to do with the other," he said. "...The legislature isn't going to be considering a congressional map because we don't have one drawn."

Huffman said he expects the legislature would start debating and potentially voting on a new map in the week starting Monday, Feb. 7.

Huffman expects the new map will be considered in [Senate Bill 286](#), a newly introduced bill with no text yet. Huffman assigned the bill to the General Government Budget Committee because the committee that usually reviews maps, the Local Government and Elections Committee, is chaired by Sen. Theresa Gavarone, who is running for Congress.

If all goes according to plan, Huffman said SB 286 would be passed as an emergency measure, making it go into effect faster than regular bills.

If the legislature fails to pass a map, Huffman said the Ohio Redistricting Commission would likely begin to consider it the week starting Monday, Feb. 14.

The Florida "event shouldn't collide with anything, but if it does, my duty would be to be here,"

NEIMAN\_EVID\_00011

he said.

Each year, the Ohio Senate Campaign Committee hosts an event in Florida when Ohio is in the dead of winter. No taxpayer money is used for the trip. The Ohio Senate Campaign Committee and senators' individual campaign committees pick up the tab.

For instance, in February 2020, [Republican senators went to Key West](#). At the time, lawmakers were debating a bill that changed the [EdChoice private school voucher program](#). A public hearing had been scheduled for people to testify on all sides of the voucher debate while lawmakers were in Florida.

Some wealthy Ohioans have second homes in Florida. After the fundraising events, lawmakers usually stay over the weekend, meeting privately with lobbyists and other supporters, fishing and participating in other activities.

# Movement on new Ohio Congressional district map not expected for another week

*The Statehouse News Bureau | By Andy Chow*

Published January 28, 2022 at 3:02 PM EST

Voter rights advocates scrutinize the Congressional district map proposed by Republican lawmakers.

The Ohio House and Ohio Senate must redraw the state's 15 congressional districts after the supreme court ruled the previous map unconstitutionally gerrymandered in favor of Republicans just under two weeks ago. Senate President Matt Huffman said the legislature will potentially start taking action on a new Congressional map the week of February 7.

The previous map created 12 out of 15 districts that heavily favor or lean in favor of Republicans in a state that has voted about 54% Republican and 46% Democratic, according to an average of statewide race results over the last 10 years. While the legislature has first crack at approving a new plan, they have a new hurdle to deal with.

**NEIMAN\_EVID\_00018**

Huffman said this time around the legislature will have to pass a new Congressional map with two-thirds of the vote in order for it to go into effect before the primary, which means getting Democratic support.

"Hopefully we can get a resolution where, you know, again, the issue is largely in the house where they could get a two-thirds vote on emergency clause with that bill," said Huffman.

If not, the process goes back to the Ohio Redistricting Commission where Republicans can pass a four-year map without Democratic approval.

Republicans will be at a fundraiser in Florida next week, but Huffman doesn't think that'll conflict with redrawing the maps and said he will cancel the trip if he needs to.

The Senate created a placeholder bill, [SB286](#), to begin working on the new map.

The previous map created 12 out of 15 districts that heavily favor or lean in favor of Republicans in a state that has voted about 54% Republican and 46% Democratic, according to an average of statewide race results over the last 10 years.

# Ohio voters just approved Issue 1 to curb gerrymandering in Congress

**Jessie Balmert** Cincinnati Enquirer

Published 8:49 p.m. ET May 8, 2018 | Updated 8:30 a.m. ET May 9, 2018

COLUMBUS - In a nation complaining about congressional gerrymandering and rigged elections, Ohio just voted to do something about it.

Voters overwhelmingly passed Issue 1, 75-25 percent in final unofficial results, to overhaul how districts are drawn for members of the U.S. House of Representatives. The new map-making methods will take effect in 2021, after the next U.S. Census.

Before Tuesday, Ohio was labeled one of the worst states at drawing lines to favor one party over the other. The result: 12 congressional seats safe for Republicans and four guaranteed for Democrats in the quintessential swing state that leans – not lunges – to the right.

Ohioans voted in 2015 to change the way lines were drawn for state lawmakers, but legislative leaders back then punted on tackling the way congressional districts were divided. They pointed to an undecided U.S. Supreme Court decision as one reason to delay, but they also had pressure from then-U.S. Speaker John Boehner, R-West Chester, to leave the process alone.

The delays frustrated voters and good government groups, who worried people would become apathetic if congressional-election outcomes were all but guaranteed. Presidential candidates from Republican Donald Trump to Democratic Sen. Bernie Sanders complained about the "rigged" system. Advocates for eliminating gerrymandering started collecting signatures for a ballot initiative.

That pressure spurred lawmakers this February to ink a last-minute deal to change how congressional districts' lines are drawn. The result was a four-step process that encourages both parties to work together.

After the 2020 U.S. census, state lawmakers will learn how many seats Ohio will get in the U.S. House of Representatives based on population. They will then divide Ohio into districts. For that map to stand for 10 years, 60 percent of legislators in the Ohio House and Senate – plus one-half of the members of the minority party – must approve it.

If they can't agree, the pen will go to a seven-member commission that includes the governor, auditor, secretary of state and four lawmakers – two from each of the major political parties. If that group doesn't approve a map, the responsibility will shift back to state lawmakers. At that point, the lawmakers would have lower thresholds for passing a plan but more strict rules.

Ohio would be the first in the nation to draw congressional districts in this way – using a hybrid of state lawmakers and a commission. Both the Ohio Democratic Party and Ohio Republican Party supported the changes, saying they were far better than the current system.

Re: U.S. House of Representatives (“U.S. House”) District Maps and House Bill (“H.B.” 93)

### **SUMMARY**

On March 2, 2022, the Ohio Redistricting Commission passed (5-2) a second congressional district map following the Ohio Supreme Court’s decision declaring the S.B. 258 congressional map unconstitutional.<sup>1</sup> Attached to this Directive are the following:

- Congressional District Shapefile;
- Equivalency Files (otherwise known as BAFs or block assignment files);
- Notification to Election Officials of District Sought – [Form 2-Y](#);
- Congressional District – County Population and Filing Location – March 2, 2022; and
- Congressional District – County Population and Filing Location – S.B. 258 of the 134th General Assembly.

### **INSTRUCTIONS**

#### **I. MARCH 2, 2022 CONGRESSIONAL DISTRICT MAP AND LEGAL DESCRIPTIONS**

On March 2, 2022, the Ohio Redistricting Commission passed a district plan for the office of Representative to Congress (“U.S. House”). As with [Directive 2022-26](#), given the unfortunate time constraints, all boards must immediately begin the process of reprogramming their voter registration systems based on the March 2, 2022 congressional district maps.

The congressional district shapefiles and equivalency files accompany this Directive. My Office is waiting for the legal descriptions from the General Assembly. We will forward those to you as soon as we receive them.

Boards cannot verify or certify candidate petitions until the reprogramming of the voter registration system is complete. Whenever an area included in a district is less than a county, the legal description is a political subdivision, such as city, village, township, municipal ward, or precinct and portions thereof. The descriptions are based on boundaries as they existed when the data was collected by Ohio University. If the board of elections changed precinct boundaries or if there were municipal ward boundary changes or annexations in the past year, the board needs to consider that the new assignments were made based on previous data. For example, if the board combined Precinct A and

C into a new Precinct A, and Precinct A is listed in the legal description, then it is referring to the old Precinct A portion of the new Precinct A.

## **II. 2022 PRIMARY ELECTION DEADLINES**

Pursuant to H.B. 93, the U.S. House filing deadline for the May 3, 2022 Primary Election is **4:00 p.m. on March 4, 2022**. This deadline applies for both (1) candidates who will file an applicable declaration of candidacy to appear on the ballot; and (2) individuals who will file a declaration of intent to be a write-in candidate.<sup>2</sup>

Using the authority to adjust deadlines granted by H.B. 93,<sup>3</sup> I direct that the certification and protest deadline for U.S. House candidates shall be as follows:

- **Monday, March 14, 2022** – Most populous county board of elections or board of elections must certify the validity and sufficiency of partisan candidate petitions and provide the names of the certified candidates to the less populous county board(s) of elections in the district. Boards cannot verify or certify candidate petitions until the reprogramming of the voter registration system is complete.
- **Thursday, March 17, 2022** – Protests against partisan candidates for U.S. House (including write-in candidates) must be filed with the most populous county board of elections by 4:00 p.m.

## **III. U.S. HOUSE CANDIDATE PETITIONS**

### **A. DISTRICT VALIDITY**

For candidates for U.S. House, boards are prohibited from invalidating a declaration of candidacy, declaration of candidacy and petition, nominating petition, or declaration of intent to be a write-in candidate on the basis that it does not include the number of the congressional district the filer seeks to represent or includes an incorrect district number.<sup>4</sup> According to H.B. 93, the filer must notify the election officials in writing of the district the filer seeks to represent.<sup>5</sup> Our Office prescribed [Form 2-Y](#) for this purpose. Boards must continue to provide and accept this form for U.S. House candidates.

### **B. SIGNATURE VALIDITY**

Boards are prohibited from invalidating a signature on a declaration of candidacy and petition or nominating petition filed by a person seeking nomination for U.S. House on the ground that the signer does not reside in the *new* congressional district the filer seeks to represent (i.e., per the plan the Ohio Redistricting Commission adopted on March 2, 2022) so long as:

- (1) The congressional district in which the filer resided under the district plan described in S.B. 258 of the 134th General Assembly had territory in the county in which the signer resides;  
**and**

---

<sup>2</sup> Section 4(A) of H.B. 93.

<sup>3</sup> Section 4(C) of H.B. 93.

<sup>4</sup> Section 4(B) of H.B. 93.

<sup>5</sup> Section 4(B) of H.B. 93.

- (2) The *new* congressional district the filer seeks to represent has territory in the county in which the signer resides.<sup>6</sup>

Attached with this Directive is a list of counties within each district under the district plan described in S.B. 258 of the 134th General Assembly and a list of counties within each district under the district plan adopted by the Ohio Redistricting Commission on March 2, 2022.

Moreover, boards are prohibited from invalidating a signature on a declaration of candidacy and petition or nominating petition filed by a person seeking nomination for U.S. House on the ground that the signature was signed before the district plan for was adopted or enacted or took effect, provided that a signature on a nominating petition is not valid if it is dated more than one year before the date the nominating petition is filed.<sup>7</sup>

#### **IV. FILING LOCATIONS**

[Directive 2022-26](#) directed candidates for U.S. House to file in the most populous board of elections *pursuant to the district maps set forth in S.B. 258* in the event that the Ohio Redistricting Commission did not adopt a new congressional map by the filing deadline of March 4, 2022. The Ohio Redistricting Commission since adopted new maps.

Therefore, and as set forth in [Directive 2022-26](#), any U.S. House candidate who has not yet filed their petition with the most populous county board of elections, must file their petition with the most populous county board of elections pursuant to the March 2, 2022 congressional map by March 4, 2022 because the Ohio Redistricting Commission passed a new congressional map *prior* to March 4, 2022.

However, if a candidate already properly filed their petition with the most populous county board of elections pursuant to the district maps set forth in S.B. 258, prior to the issuance of this Directive, and the most populous county board of elections has changed pursuant to the March 2, 2022 congressional map, then the board of elections that originally received the filing must transfer that filing to the new most populous county board of elections pursuant to the March 2, 2022 congressional map.

If the General Assembly makes any changes to the election administrative procedures in temporary law, my Office will issue guidance as soon as possible.

Each board of elections director must share this Directive with its legal counsel, the county prosecuting attorney, and voter registration system and voting system vendors as soon as possible. If you have any questions regarding this Directive, please contact the Secretary of State's elections counsel at (614) 728-8789.

Yours in service,

Frank LaRose  
Ohio Secretary of State

## Vote YES on Issue 1

### **A FAIR, BIPARTISAN, and TRANSPARENT PROCESS**

**VOTE YES on Issue 1.** A YES vote will create a **fair, bipartisan, and transparent** process when drawing congressional districts that will **make politicians more accountable** to the voters. Issue 1 is supported by an overwhelming bipartisan majority of legislators as well as nonpartisan advocates.

Currently, it is too easy for one political party to gerrymander safe seats in Congress by dividing local communities and drawing a map without bipartisan support. Voting **YES on Issue 1** will limit gerrymandering by requiring that congressional districts be drawn with **bipartisan approval or utilizing strict anti-gerrymandering criteria**. It will also **keep communities together** by limiting splits of counties, townships and cities and promote geographically compact districts.

#### **Fair**

Voting YES on Issue 1 will establish fair standards for drawing congressional districts through its requirement of **bipartisan approval, or use of strict anti-gerrymandering criteria**.

Voting YES on Issue 1 will help keep our communities together by limiting the number of splits of counties, cities, and townships.

#### **Bipartisan**

Voting YES on Issue 1 will require significant bipartisan support to adopt new congressional districts for 10 years.

#### **Transparent**

Voting YES on Issue 1 will require multiple public meetings before adopting a proposed plan for congressional districts.

Voting YES on Issue 1 will guarantee public participation by allowing members of the public to submit a plan for congressional districts.

Voting YES on Issue 1 will preserve citizens' right to referendum and the veto power of the Governor when the General Assembly passes a plan for congressional districts.

Make your vote count, **vote YES on ISSUE 1**
