

THE STATE OF NEW HAMPSHIRE

SUPREME COURT

In Case No. 2022-0184, Theresa Norelli & a. v. Secretary of State & a., the court on May 27, 2022, issued the following order:

The ex parte motion filed by the President of the New Hampshire Senate and the Speaker of the New Hampshire House of Representatives to dismiss the case or, alternatively, to stay the special master's release of a proposed congressional map is denied.

The Report and Plan of the Special Master (the special master's report) has been filed with the clerk's office. The special master's report is available to counsel through the court's electronic filing system (in .pdf format) and will also be emailed, with its accompanying electronic files, to counsel on this date.

Oral argument on the special master's report and proposed congressional districting plan will be held before the justices of the supreme court on Tuesday, May 31, 2022, at 9:00 a.m., unless SB 200 becomes a law pursuant to Part II, Article 44 of the State Constitution before then. Counsel for the plaintiffs, counsel for the intervenors, and counsel for the Secretary of State shall also be prepared to address at oral argument the status of SB 200 and the related need for this court to adopt a congressional districting plan by June 1, 2022, if the filing period has not been changed or extended by the Secretary of State as authorized by RSA 655:14-c (2016). The parties, intervenors, and amici curiae may, but need not, file supplemental memoranda on these issues; any memorandum shall be filed by noon on Monday, May 30, 2022.

MacDonald, C.J., and Hicks, Bassett, Hantz Marconi, and Donovan, JJ., concurred.

**Timothy A. Gudas,
Clerk**
