**Re: *Hoffmann et al. v. The New York State Independent Redistricting Commission et al.*
(Albany County Index No. 904972-22)**

Dear Justice Lynch:

The undersigned are co-counsel for Petitioners in the above-referenced Article 78 matter.

Pursuant to this Court's Decision and Order of August 1, 2022, Petitioners filed their Amended Verified Petition (Doc. [47](#)) and a related Order to Show Cause (Doc. [48](#)) in which Petitioners, among other amendments, removed any claims against the state legislative districting plans. The Court subsequently signed and entered the Order to Show Cause (Doc. [58](#)).

Petitioners, however, inadvertently included a reference to state legislative districting plans in their proposed Order to Show Cause. Petitioners wish to reclarify that, consistent with their Amended Verified Petition, they are no longer seeking to compel submission of a second round of state legislative districting plans as part of their prayer for relief.

Should the Court have any questions concerning the above, the undersigned are available for a conference.
